

INTRODUCING NEW HORIZONS: EMPOWERING MIGRANT YOUTH WITH CREATIVE AND EDUCATIONAL INITIATIVES

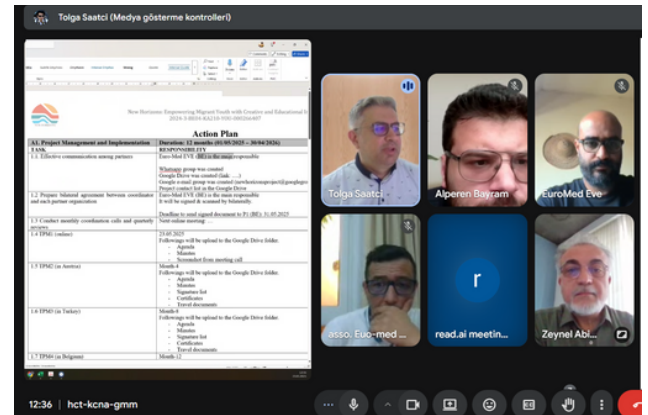

Project N° 2024-3-BE04-KA210-YOU-000266407

We are pleased to announce the launch of New Horizons, an Erasmus+ Youth Project funded by the European Union. The project focuses on empowering migrant youth and strengthening their participation in community life. New Horizons enhances young people's creative expression, digital skills, and civic engagement, while providing youth workers with inclusive methods and practical educational tools.

PROJECT OVERVIEW

New Horizons: Empowering Migrant Youth with Creative and Educational Initiatives supports the social, cultural, and digital inclusion of young migrants. The project creates safe learning spaces through artistic workshops, digital tools, and youth-friendly activities. By combining creativity and non-formal education, New Horizons strengthens participation and engagement in local communities.

GOALS AND OBJECTIVES

New Horizons is designed to achieve several key objectives:

Enhance Youth Workers' Capacities

Equip youth workers with tools and methods to support the social integration of young migrants through artistic and educational activities.

Promote Intercultural Competence

Strengthen the intercultural skills of young migrants through participation in expressive and artistic activities that build mutual understanding and respect.

Raise Awareness on Migrant Integration

PROJECT RESULTS

New Horizons will produce a digital handbook, interactive tools, and practical learning materials for youth workers.

Public campaigns and digital content will help communities better understand the experiences and strengths of migrant youth.

Inclusion is not only a value of the European Union, it is a commitment to ensure that every young person can participate, learn, and thrive.
